LinkedIn: [linkedin.com/in/agustinmangialavori](https://www.linkedin.com/in/agustinmangialavori)

PROFESSIONAL SUMMARY

Business Data Analyst (Mid-Level / Semi-Senior) with 15+ years of experience bridging advanced data analytics (Power BI, DAX, SQL, Power Automate) with financial control (P&L) and business process optimization. Specialized in transforming operational complexity into scalable data models, executive dashboards, and automated workflows that protect profit margins and reduce manual tasks. Proven track record of high autonomy in 100% remote environments, strong data governance, and translating requirements between business and technical stakeholders.

TECHNICAL SKILLS & COMPETENCIES

- **Data Analysis & Modeling:** Power BI, Advanced DAX, SQL, Data Modeling (Star/Snowflake), ETL, Advanced Excel.
- **Automation & Workflows:** Power Automate, CRM/ERP Integration, Process Automation, GLPI.
- **Business Analytics:** P&L & Revenue Analytics, Forecasting, Margin Analysis, E-commerce Funnel, Commercial KPIs.
- **Governance & Methodologies:** Business-IT Stakeholder Management, Technical Documentation, Agile Methodologies.

PROFESSIONAL EXPERIENCE

GEPROM CONNECTING INDUSTRIES | Castelldefels, Barcelona

Data Operations & Automation Analyst | 2026 – Present

- **Data Governance & Margin Control:** Designed and implemented an automated alerting system in Power BI and Power Automate for 25+ managers and leadership, replacing manual queries with proactive budget and margin variance tracking.
- **ETL & Billing Automation:** Automated operational data integration and contractual milestones via Power Automate, eliminating manual margin calculation errors and accelerating the billing cycle.
- **Operational Incident Analytics:** Scaled data governance in GLPI, processing 164 monthly incidents and ensuring metric traceability under TISAX standards.

CHARLY THERAPY | Barcelona, Spain

Commercial & Revenue Data Analyst | 2025 – 2026

- **Revenue & P&L Analytics:** Developed analytical models to evaluate demand elasticity, sales metrics, and profitability by product category, identifying levers to optimize gross margins.
- **Financial & Inventory Data Modeling:** Built control models for procurement, inventory turnover, and demand forecasting, reducing operating costs and improving cash flow.

ANTICIMEX | Barcelona, Spain

Data Analyst – Operations & Performance Insights | 2025

- **Scalable Data Modeling:** Built a centralized data model in Power BI integrating budgets, quotes, and targets; developed advanced DAX measures (YTD, Budget vs. Actual, acceptance rate) to optimize commercial forecasting.
- **Reporting Automation:** Automated report generation and distribution using Power Automate and Power Apps, replacing manual Excel reconciliations with an integrated interdepartmental data flow.
- **Segmented Analytics:** Created commercial analytics dashboards by sales rep, region, and product line to optimize demand forecasting and operational resource allocation.

K-LAGAN / AXA PARTNERS | Barcelona, Spain

Business Data Analyst – Digital Performance | 2023 – 2025

- **Business-IT Translation:** Acted as the primary liaison between business units (Auto/Home Insurance) and technical BI teams, translating operational requirements into scalable data solutions.
- **Digital Analytics & Funnel Tracking:** Designed e-commerce conversion tracking frameworks and sales funnel metrics, delivering executive visibility into online channel performance.
- **Business Intelligence Deployment:** Led the functional definition and deployment of executive dashboards for commercial KPI standardization and productivity tracking.

PARADIGMA DIGITAL | Spain

Project Manager & Data Solutions Analyst | 2020 – 2022

- **Financial Data Centralization:** Centralized accounting data flows (procurement, inventory, finance) from legacy systems, streamlining financial closing and reducing manual tasks.
- **Controlling Dashboards in Power BI:** Defined the functional structure for budget tracking dashboards and operational metrics for the Controlling department.

WARNER BROS / FOX | Argentina

Senior Business & Financial Data Analyst | 2017 – 2020

- **P&L & Profitability Analysis:** Structured analytical reporting on financial performance, cash flow, and profitability across commercial distribution channels.
- **Data Migration & Integration:** Participated in data integration projects between financial platforms and IT systems, improving data consistency and quality.

CHUBB SEGUROS | Argentina

Financial Data Analyst | 2014 – 2017

- **Consolidation & Reporting:** Consolidated operational financial databases to produce internal monitoring reports and performance indicators.

EDUCATION & TRAINING

- **Master's Degree in Management + Business Analytics & Data Science |** Universidad Torcuato Di Tella
- **Bachelor's Degree in Business Administration |** UADE (Universidad de Empresa)
